BASE BALL SCHEDULE LEFT IN HANDS OF PRESIDENT

DE CAMP CAN PLAY HERE

Mink League Constitution Amended to Permit Old Maryville Favorite's Return

The schedule committee of the Mink league met at Maryville Monday in an effort to rearrange the schedule so as to be more satisfactory to the teams. The matter was left in the hands of President Carey of Omaha, with the understanding that the Fourth of July dates and also fair dates will not be changed from the old schedule.

An amendment to the constitution was adopted permitting DeCamp to play with the Comets.

Several things were noticed on the schedule. For instance, Maryville plays twenty-five games with Falls City and 13 games with Shenandoah, whereas the other teams don't play more than twenty-two games with any one team. Then Falls City has fifteen straight games at home and nineteen games away from home. Nebraska City is scheduled to play three times at Falls City during those fifteen days they have at home. Clarinda has two series of nine days at home and two series of nine days away from home.

Auburn, Shenandoah and Nebraska City were satisfied with the old schedule. Auburn made the schedule.

When a motion was made by Falls City that President Carey be instructed to change the schedule, which was seconded by Maryville, three towns voted in the motion, being Falls City, Maryville and Clarinda. Those voting against were Shenandoah, Auburn and Nebraska City. Later Nebraska City changed and voted for the motion.

Those in attendance at the meeting from out of town were President Fred Carey of Omaha; E. F. Gauss and J. H. Enshard, Shenandoah; F. W. Blecher, Clarinda; L. E. Higgins, Auburn; C. C. Davison and E. H. Towle, Falls City; W. A. Hughes, Nebraska City.

The meeting was held in the office of L. C. Cook, who is vice president of the league.

ARRESTED FOR STEALING GUN AT RAVENWOOD

H. C. Clifford was arrested Monday evening by Sheriff Tilson on a charge of stealing a revolver from the residence of William Yearly in Ravenwood on that day. The latter owned up to taking the gun, and said that he didn't know what made him do it. Clifford was in Ravenwood Monday trying to sell perfume. He stopped at the Yearly place, and when Mrs. Yearly was out of the room he took the gun.

Mr. and Mrs. T. L. Landfather and son of Quick City, Mo., were in Maryville Tuesday.

Prof. A. E. Wickizer of Bethany arrived in the city Monday evening. Prof. Wickizer is to join the faculty of the Normal school for the summer term.

Everett Evans, who is in the employ of the Wyeth Hardware company of St. Joseph, visited in Maryville from Sunday night until Tuesday morning with his mother, Mrs. George L. Evans, and little sister, Miss Georgia.

For Mrs. Ransbergh.

Mrs. Ralph W. Eversole gave a bridge luncheon Friday afternoon, complimentary to Mrs. Ernest Ransbergh, who is the guest of Mrs. Ferdinand Townsend. Sixteen guests were present. Mrs. Townsend won the game prize. Mrs. H. E. Alexander of Denver, Col., who is visiting her parents, Mr. and Mrs. Joseph Jackson, Sr., won the guest favor.

Aid Society Market.

The second division of the Ladies' Aid society of the First M. E. church will hold a market Saturday at the furniture store of Price & McNeal.

Birthday Surprise.

Mrs. E. J. Thornton planned a birthday surprise party for her husband Saturday evening, which was quite successful, that day being Mr. Thornton's birthday anniversary. Mrs. Del Thompson assisted Mrs. Thornton in entertaining. The guests were Mr. and Mrs. L. L. Maier and daughter, Leola; Rev. and Mrs. W. J. Parvin and son, Julian; Mr. and Mrs. W. E. Holderman, Mr. and Mrs. Del Thompson and Miss Dora McKenzie. A handsome picture was presented Mr. Thornton by the guests.

For Albany Guest.

Mr. Earl Barmann and his sister, Miss Laura Barmann, entertained fifty guests with a euchre party Monday night in compliment to Miss Barmann's guest, Miss Zeta Culbertson of Albany. The game prizes were won by Miss Rose Schumacher and Will Montgomery. The guest prize went to Miss Culbertson. After the games a delightful musical program, vocal and instrumental, was given by Mrs. Ferdinand M. Townsend, Miss Besse Scott and Miss Mae Corwin. A pink and white color motif prevailed in the decorations and the luncheon. The guest list included Miss Culbertson, Miss Brownie Toel, Miss Elise Jackson, Miss Rena Sturm, Miss Maud Balmum, Miss Marie Brink, Miss Esther Shoemaker, Miss Kitty Grems, Miss Flora Lippman, Miss Lottie Perrin, Miss Hazel Ritchie, Miss Nellie Conrad, Miss Donna Sison, Miss Julia Tate, Miss Jeannette Tate, Miss Susie Ellison, Miss Alice Martin, Miss Alma Nash, Miss Rose Schumacher, Miss Myra Hart of Breckenridge, Mo., who is the guest of Mr. and Mrs. E. Change in Meeting.

The Woman's Foreign Missionary society of the First M. E. church will meet Thursday afternoon at 2:30 o'clock with Mrs. S. M. Simpson, 403 North Mulberry street, instead of with Mrs. John C. Curman, as previously announced.

Miss Josephine Keeler went to St. Joseph Monday evening to visit her sisters, Miss Mamie Keeler, a teacher in the King Hill schools, and Miss Frances Keeler, a student at Sacred Heart convent. She will also visit her uncle, the Rev. Fr. James P. Brady, pastor of St. Mary's church of that city.

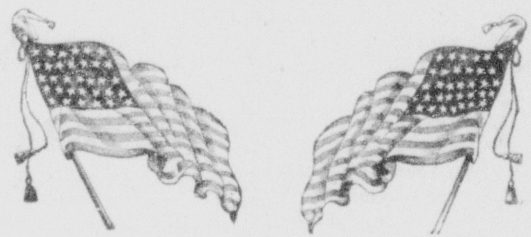

Mrs. Michael J. Dougan and little children, John and Mary, returned to their home in Skidmore Tuesday morning, after a few days' visit with her parents, Mr. and Mrs. J. J. Mahoney. Mr. Dougan is in the hardware business in Skidmore, is doing well and they are well pleased with their new home.

Mrs. J. H. Hitchings returned Monday evening from a week's visit at the home of her brother, Edwin Pierson, east of Hopkins.

Mrs. John W. Thompson left Monday evening for her home in Kansas City, after a two weeks' visit with her sister, Mrs. B. E. Condon, and family.

Mrs. J. A. Holliday and two little children, Otho and Ladine, went to Barnard Tuesday morning to attend the Decoration day services.

Mrs. W. N. Purvis, who has been visiting a week with her mother, Mrs. A. Hardisty of South Dewey street, returned to her home in St. Joseph Monday evening.

This Day is Sacred

to the great heroic host who kept this flag above our heads,—sacred to the living and the dead,—sacred to the scarred and maimed,—sacred to the wives who gave their husbands, to the mothers who gave their sons. Here in this peaceful land of ours,—here where the sun shines, where the flowers grow, where children play, millions of armed men battled for the right and breasted on a thousand fields the iron storms of war. These brave, these incomparable men founded the first Republic. They fulfilled the prophecies, they brought to pass the dreams, they realized the hopes, that all the great and good and wise and just have made and had since man was man. But what of those who fell? There is no language to express the debt we owe, the love we bear, to all the dead who died for us. Words are but barren sounds. We can but stand beside their graves and in the hush and silence feel what speech has never told.

From the Memorial Day Address, New York, 1882, by Robert G. Ingersoll.

MR. LOVE OPENED HIS STORE MONDAY

Charles Love, the well known South side druggist, opened for business Monday after a five months' enforced rest from the destruction of his stock by fire. The Dooley building has been repaired and made practically new. The woodwork and wall cases are finished in dark oak, the walls and ceilings in light cream colored frescoing, which, with the eight glass show cases and counters, make a fine looking place.

Mr. Love has a nice new, well selected stock and is now ready for the large patronage that has been his for several years.

NEITHER ABSENT NOR TARDY DURING MONTH

The pupils of the Franklin ward school who were neither absent nor tardy during the last month of school were: Wilbur Allen, Henrietta Allen, George Bramble, Forrest Brewster, Thelma Craig, Donald Deets, Eugene DeArmond, Justine Marie Fraser, William Geist, Doris Glover, Milo Harrison, Mary Hawkins, Adolph Herndon, Elizabeth Howard, Arthur Pearce, Glenn Pierpoint, Mattie Price, Bessie Schaub, Lloyd Scott, Annette Stival, Odette Wilderman, Donald Williams, Perry Eads, Bruce McIntire, Vincent McIntire, Arno Baker, Harold Allen, Eugene Coleman, Harold Brewster, Clyde Geist, Ray Freeman, Frank Martin, Paul Robey, Theodore Young, Harlan Wray, Opal Craig, Marguerite Staal.

Mrs. J. W. Shelton of Kansas City arrived in Maryville Tuesday noon and is the guest of her sister-in-law, Mrs. Lillie Shelton, and her daughter, Miss Birdie Shelton.

Mrs. S. C. Babb of St. Joseph, who has been visiting her sister, Mrs. A. J. Howard, northwest of Maryville, returned home Monday evening.

Secor couldn't get away with it yesterday, and with three runs in the second, two of them walked in, and nobody down, Larke was put in and closed the inning after three more runs were scored. This looked like an awful lead over the one tally of the first inning which the Comets had pulled in, but one more in the fourth and three in the seventh cut the excess down to one. In the last half of the ninth, with men on first and second and nobody down it looked as though we had every chance in the world to win, but the finish still saw the score 6 to 5. Five hits were garnered from Secor before he was taken out in the second, and five more were picked from Larke during the rest of the game. Thornton was pounded safely ten times, two of them being three-baggers, and Woods, who went in in the ninth after Thornton had walked the first man up was hit safely once before he put a close to the game.

Falls City's six runs in the second started off with a double to left and a single to center, scoring one run. Two bunts which were safely beaten out and two passes put two more across. With Larke in the box, a long fly to center made the first out, but another run was scored on it. With the bases still full, the next man rolled out a grounder and forced out the second man at home. An error and a single scored two more, and a fly to center retired the side.

In the first inning Sackett, Dietz and Wintz hit safely, filling the bases. Walsh chopped out. McBride hit, scoring Sackett. The last three hits were bunts, the heavy field making it hard to field them in time to throw the runner out. Dietz was thrown out at home and Hines used the ax. A double by Hines and Griffen's triple put one more across in the fourth. The seventh saw Sackett cut at first. Dietz was walked, Wintz doubled, and Walsh's single scored Dietz and Wintz. McBride's fly to left was caught, Hines and Black went to first on errors, which scored Walsh, putting a stop to the overtaking process. The finish need not be told again.

Notes.
Germany Joe hit .760 yesterday.

Secor worked well enough until the bases began to be occupied. After that he couldn't put 'em over. He was

given his release yesterday evening. Bulger became top heavy and sat down, but he tossed the pill to first anyway.

Sackett's record for the last two games is .400.

Speaking of hitless wonders, some people might call us winless hitters, but we'll get off on the right foot pretty soon.

Southward will probably occupy the mound today.

CROP PROSPECTS WERE NEVER BETTER

J. O. Thompson, a well known farmer living near Barnard, was in Maryville Tuesday on business. He says that notwithstanding the many complaints of the dry weather this spring conditions have been ideal for putting in the crops. He believes there has not been a time in the history of the county when the prospect was better for abundant crops. The corn is growing steadily and evenly, wheat is fine, there are scarcely any weeds, and everything points to an abundant harvest.

Mr. Thompson did not make a single complaint—the first farmer we have seen who has not said something about the dry weather, and he declares that everything is all right and that the soil never was in finer condition than it is right now, and with the recent showers everything will boom. Mr. Thompson accompanied his daughter, Miss Beulah Thompson, to Maryville, to assist her in making arrangements for entering the State Normal for the summer term.

Gets Good Crowd.

The Aldome opened last night with a good crowd, despite the threatening weather, about 500 people being present. The bill was well rendered and well received, and the audience seemed to enjoy the open air, even though the weather was cold and damp. The programme for tonight is similar to that of last night, but is changed completely. A new reel of latest western pictures will also be shown.

The show started a little late on account of the people coming late. Only one show is given, and it starts at 8:15 and lasts a little more than an hour. The gates are open at 7:30.

The Lee Moses Stock company of ten people will follow, beginning Thursday night with the presentation of "The Tail of the Serpent."

Home from Hospital.

Miss Bebe Rowley, teacher of the third grade in the Jefferson ward schools, who was taken very ill of appendicitis three weeks ago, was able to be removed to the home of her mother, Mrs. S. J. Rowley, at 303 East Thompson street, Monday. She is getting along nicely under the care of her sister, Miss May Rowley, a trained nurse of St. Louis.

Left for Oklahoma.

Miss Lucile Griffin, a high school student, who makes her home with her grandparents, Mr. and Mrs. Theodore Miller, while pursuing her studies, left Monday evening for Claremore, Okla., to spend the summer with her parents. She was accompanied by her aunt, Miss Frances Miller, who will visit there two or three weeks. Miss Griffin will return for next year's school.

Was Chosen as a Delegate.

At a meeting of the postoffice clerks of St. Joseph Saturday night T. S. Cordill, a former Maryville man, but now employed in the postoffice department at St. Joseph, was chosen to represent the St. Joseph branch of the Postoffice Clerks' association in the national convention in Jacksonville, Fla., next September.

CLASS EXERCISES WITH SEVEN GRADUATES AT HOPKINS.

ONE GIRL AND SIX BOYS

Hopkins is Justly Proud of Her School and the Boys and Girls It is Turning Out.

The eighth grade commencement, held at the Christian church Thursday night, May 24, came up to every one's expectation. In the past few years, in fact ever since the establishment of the eighth grade graduation, we have had such excellent programs that we have grown to expect something just a little bit better, and we were not disappointed this time. The class work under the direction of the teacher, Miss Nash, the music, both instrumental and vocal, under the leadership of Mrs. Mason, and the pantomime drill given by twenty of Miss Hughes' little tots filled the evening with varied amusement and instruction. The presentation of diplomas to this class of sixteen girls and boys was performed in a very happy manner by Fred Wolfers of Hopkins, and the class could not help but feel the words of advice given them were good, and given by one who knew from personal experience what he was talking about. The evening closed with the class song, the words composed by the senior poet, Mildred Clare Wolfers, and set to the music of "Red Wing." A delightful program and a very pleasant evening was the unanimous verdict of every one present.

The commencement exercises of the high school proper were held in the Christian church Friday evening and were attended by a large gathering of relatives, friends and admirers of the graduates. The church had been beautifully decorated for the occasion by the juniors in the class colors, Yale blue and white, with quantities of flowers, white roses, the class flower, predominating. The program opened with music by the orchestra, after which two young ladies of the junior class, Miss Neva Shearer, dressed in light blue, and Miss Grace Lewis in pale pink, each carrying a bouquet of white roses, escorted the class to the rostrum. They certainly made a fine appearance as they marched down the aisle of the church. Glen Jackson, Edwin Robb and Charles Griffith coming first, then Mildred Clare Wolfers, followed by Theodore Long, Galen Gordon and Emmett Miller. We have attended a great many commencement exercises, but it has never been our fortune to see a finer looking class, and a class with such ability, and the mystic number seven as a talisman will surely go into the world and accomplish great deeds.

Mr. and Mrs. A. W. Linebaugh and three children of Clarinda, Ia., are visitors at the home of Dr. and Mrs. Henson.

Miss Mary Orcutt, a teacher in the Fairfax schools is at the home of her parents for her vacation.

Prof. Dee Jackson returned this week, having finished a successful year as principal of one of the leading schools of Oklahoma.

Mrs. Monte Morrell of Omaha is visiting her parents, Mr. and Mrs. H. B. Griffith. Mrs. Morrell came at this time to attend the commencement exercises, as her brother, Charles Griffith, was a member of the class.

More so, in fact. If you took \$25 or \$50 or \$100 out of the bank and bought a diamond with it—it isn't like spending the money on another article, because a diamond will never depreciate in value.

And all the time you wear it, it is earning you recognition, and promoting a feeling of stability among your friends, which is a pretty good thing to have done these commercial days.

WALKS 475,000 MILES.

Youth Must Go 25,000 More to Win \$30,000—Started in 1897.

Julius Rath of St. Louis was started out in 1897 by the St. Louis club to walk 500,000 miles by 1915. Rath says he has already been three times around the world and has walked 475,000 miles.

Rath started off without money, pledged not to beg. He makes his way selling cards, trinkets or lecturing.

Rath, who was fourteen years old when he started, has visited nearly every country in the world. Leaving St. Louis, he walked to Mexico, then to Honduras and Brazil, and then went to England. When he travels on shipboard Rath must walk twelve hours a day to fill his contract.

Once in Mexico he was held up by bandits, he says. When ordered to halt he shot one man and received a bullet in the leg. This caused him a delay of four months in a hospital. He tells a thrilling tale of having been captured by savages in Africa. They bound him to a tree with grass ropes, he said, but he escaped while they were making ready, as he thought, to eat him.

"I have found traveling the easiest in this country and Canada and west in Turkey and Siberia. In Russia you have to show your passport in every village you enter," he said. "Then they search you at intervals on suspicion that you are a spy."

One condition of his walk is that he must bring back a dog. He has already had three, and Jack, the present one, has already covered some thousands of miles.

Rath says he has worn out 433 pairs of shoes in his long tramp. He must end his walk with \$1,000 in his possession. So far he has saved up \$40. If successful in his accomplishment he expects to receive \$30,000 from the St. Louis club.

TO GROW CAMPAIGN FUND.

Acres of Cotton to Furnish Oklahoma Socialists Money For 1912.

The Socialists hope to carry Oklahoma in 1912, and they purpose doing it by growing cotton. William Crawford owns a tract of land near Muskogee. He has turned over five acres of this to the Socialists. They have plowed and planted it to cotton. This work is contributed free of all cost by the local Socialists. They will cultivate the crop, pick and sell it, and the entire gross receipts will be contributed to the state campaign fund for the next election, which will be in 1912.

This plan, which is being followed all over the state, is likely to create a tremendous campaign fund. Five acres of cotton ought to bring \$250. The shortage of funds always has been the great handicap of the Socialist party.

But the cotton patch product is not all. Following the request of leaders, individual Socialists where there are no local organizations are setting aside the gross receipts of one acre of land or one steer, one hog or some other live stock which will be sold and the money given to the campaign.

Affidavit With Will.

By the provisions of the will of Ellisworth B. Cooper, a farmer of Hamden, Conn., the entire estate of \$90,000 is left to the Connecticut Humane society, and his relatives, all cousins, are cut off. To forestall a contest, Mr. Cooper had himself examined by Dr. Walter S. Lay when the will was drawn Jan. 1, 1904, and Dr. Lay signed an affidavit that Mr. Cooper was of sound mind.

STOP TORTURE BY MOSQUITOES

Advice For Defense Against Their Attacks.

PAMPHLET BY DR. HOWARD.

Oil of Citronella and Liquid Vaseline Suggested—Ponds Should Be Stocked With Fish and Pools of Standing Water Eliminated.

Any community that wants mosquitoes can have them, and a community that does not want them need not.

This is the gist of a pamphlet that has just been issued by the department of agriculture. It is the work of Dr. L. O. Howard, chief of the bureau of entomology, who has devoted a large part of an industrious career to making the housefly and the mosquito unhappy.

The pamphlet is designed to help the war against mosquitoes and deals with the problems that arise in both city and country communities. One section is devoted to the personal defense of the sufferer against mosquitoes. There are a number of lotions a few drops of which on the face or the pillow will discourage mosquitoes. Oil of citronella is the basis of the most of these, as its odor is not unpleasant to most people. There are some, however, who object to it so much that they would rather have the mosquitoes.

To Discourage Mosquitoes. One of the combinations that is recommended for protection against mosquitoes is an ounce each of oil of citronella and spirits of camphor and half an ounce of oil of cedar. The trouble with this, as with many other citronella compounds, is that the smell, which is the thing that drives off the mosquitoes, does not last all night and the disease bearing mosquitoes, such as the yellow fever and the malaria bearing mosquitoes, get busiest about daylight.

For those who object to the odor of citronella the department recommends an ounce each of castor oil, alcohol and oil of lavender. This does not evaporate quickly and is said to be a good protection. The most lasting application is said to be an ounce of oil of citronella and four ounces of liquid vaseline.

Concerning screens and canopies the pamphlet says that twenty meshes to the inch are fine enough to keep out all mosquitoes, but that nothing coarser is safe. It is very hard to keep screens and nettings absolutely tight, and one recommendation to aid the defense is to paint them lightly with oil of citronella or kerosene.

Destroy Breeding Places. Dr. Howard says that, whatever the virtue of these measures may be for immediate defense, the best thing to do is clear a neighborhood of mosquitoes to destroy their breeding places. Taken as a rule, mosquitoes will breed in water. It is safe to assume, therefore, that if a place is carefully drained and water that cannot be removed is screened the mosquito cannot breed, and there will be no pest.

It has been found that old wells, rain barrels, chicken yard drinking pans and ornamental fountains give the mosquitoes just the breeding places they want.

Rain water barrels should always be screened when they cannot be done away with, and there should be a careful search made for tin cans, old bottles or anything else that will hold a few spoonfuls of water after a rain, for so long as the water lasts a week it will give a generation of mosquitoes time to breed.

Another place that is a prolific source of mosquito breeding, both around town and country houses, is the rain gutters. These often sag so that there is a little water left in the depressions after a rain or the run-off is choked with leaves and twigs, giving the mosquitoes the element they want.

In places where there are fountains and ornamental ponds that cannot be screened or treated with oil fish are the best protection against mosquitoes. Goldfish and "top minnows" eat the mosquito wigglers with avidity, but care has to be taken that there is no fast leaved vegetation that will harbor the wigglers and protect them from the fish at the same time.

BLONDS ARE DOOMED.

Sociologist Says Immigration Will Produce Race of Brunettes.

"We are becoming a nation of brunettes. The blonds are becoming fewer, and the American type a few years hence will be dark in color."

This is the conclusion Professor Rockwell D. Hunt, head of the department of sociology at the University of Southern California, has drawn from a study of immigration statistics. He says:

"The assimilation of the American race with immigrants from Slavic and Latin countries will bring about a new type. Immigrants who now have the bulk of representation are the ones that have large families. Russians and Italians bring more children than do Germans or English. Then there are Greeks, Austrians and Hungarians, all from the darker races, coming here in great numbers."

SPOKANE MAN WILL CONDUCT GAME FARM.

Doctor Will Raise Mink and Muskrats For Their Fur.

Two thousand acres in the lake district north of Athabasca landing, in the province of Alberta, have been leased by Dr. T. J. Burgen of Spokane and his associates in eastern Washington, who purpose operating a mink and muskrat farm as a commercial enterprise. The work of preparing the farm and stocking it with animals will begin early in June. Dr. Burgen said of the project:

"I do not recall having heard of a similar experiment anywhere in Canada, but I have devoted all of my spare time for seven years to careful investigation, and I am convinced that the undertaking will be a financial success."

"I was over the ground recently and chose the location. We are arranging to place 5,000 rats in the lake, which is well stocked already. Dark rats will be used, as the pelts are of a higher commercial value than the lighter varieties."

"The rats require no food other than what they can get themselves except in unusual cases. We shall prepare for emergencies by growing carrots, which will be fed to the animals if necessary. The muskrat pelts are worth from 50 cents to \$1 each."

"It is a much more difficult problem to handle mink, as special pens are necessary, and the net must be sunk deep into the ground so they will not escape. We shall obtain 500 animals when we begin operations in June and should have several thousand for commercial purposes a year from next winter. The mink will be fed on fish, which are abundant on our lease. We shall also handle some cattle, horses and dogs in connection with the fur farm."

AKIN NO DEMOCRAT.

Congress Directory Late Because He Was Not Properly Listed.

The delayed publication of the Congressional Directory for the extra session of congress was caused by the fact that the editor had trouble in listing the political faith of Dr. Theron Akin, representative from the Twenty-fifth New York district. In his campaign Dr. Akin was described as a Democrat by some, but since going to Washington he has sat on the Republican side of the aisle and calls himself a progressive Republican. It is said he didn't know that he had been

classified as a Democrat until he went to the postoffice department to ask about certain patronage. Then he was told he was a Democrat, it is related, and that he had been so listed in about 18,000 Congressional Directories that had been put out.

His very next call was on the printing committee of congress. Several committeemen tried to effect a compromise, it is reported, so that "progressive" would be omitted and "Republican" stand. But Dr. Akin said no. Somebody had called him a Democrat and it had to be taken back. So these directories were recalled as far as possible, and there was a new print.

PLAYS MARBLES WITH TOES.

Cincinnati Financier So Ordered by His Doctor.

M. E. Moch, vice president of the Cincinnati Trust company, has been directed by his doctor to play marbles with his toes every night and morning.

Mr. Moch is one of Cincinnati's big men. Recently he began to feel a numbness in his right foot. He got scared and hurried to Dr. Albert Freiberg. The doctor felt the foot all over, then smiled, took a boy's marble out of a drawer and dropped it on the floor.

"Pick it up with your toes," he said to Mr. Moch. The latter tried for half an hour, then sat down, red in the face and blowing like a porpoise.

After an hour's practice at his home the financier was able to pick the marble up between his toes and toss it to the ceiling. The foot will be all right when it is limbered up, the doctor says.

KILL OFF DEGENERATES.

Preacher Pleads For the Lethal Application of Anaesthetics.

That the degenerates in Massachusetts institutions should be killed with an anaesthetic was the idea offered by the Rev. George W. Cutter of Boston.

"The boards of health of cities should hold physical examinations of applicants for marriage licenses, and only upon their approval should licenses be given," said Dr. Cutter.

"As it is now every boy who can get a dollar and the consent of his parents can get a marriage license, and often through the marriage propagates degenerates, criminals and insane people. There should be some anaesthetic used to eliminate the degenerates. Any one who has, like myself, spent any time in institution work knows that many who are in our state institutions would be better dead than alive."

SCRAMBLED EGGS FROM KALAMAZOO

(By Will Brownell.)

Every little bit helps. Champagne suppers, late hours and sour stomachs are making good business for the toilet powder dealers.

If my religion doesn't impel me to cut down thorns and plant flowers, to supplant frowns with smiles and to so live that I have the love and confidence of little children, why, I've simply laid hold of the wrong brand; that's all.

What I do not think and fail to say, I cannot be held accountable for; what I think and do not say, counts for something, but what I say that I do not think, places on me grave responsibility whether it be true or false.

From the Pew.

A lot of pity is expended and very much wordy sympathy is extended in these days on and around, for and to, the "old man." Writers of "tear stuff" articles, many of them, at least, would have to go out of business were it not for this prolific subject around which their imaginations hover and from which they extract the "heart throbs" at, of course, a certain stated daily or weekly amount per throb. When is a man old and why is he to be pitied simply because he is old? One man, of course, is old at 50 and another is young at 80, depending very much upon the kind of lives they have lived, but more especially upon the kind and quality of their thinking. If this is an age when brain power counts for more than mere physical strength, and it certainly is, then the man of 50, 60 or even 70 years, who is active mentally, the man who has "lived"

and not simply "stayed" in this world, is, on account of his years of observation and experience a far more valuable man in any position than is the young man of equal mentality, minus, of course, that which the years, and the years alone, can bring. There is a place for the young man; there is a place for the man of riper years and more experience, and there should logically be no competition between the two. No man of 50, 60 or, we repeat it, even 70 years of age, is, at least should be, merely on account of his years, an object of pity, but rather of envy and congratulation. If he shrivels up mentally; if he suggests to himself that he is old and useless; that there is no longer a place for him on life's stage, and that it would be better were he out of the way, then God pity him, and the sooner he crosses the great divide the better for both himself and the world.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect. Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Weyb's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy. The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

ON THE DIVIDE.

Mr. and Mrs. Paul Killion of Petersburg, Ill. are at present visiting their uncle James Whitehurst, and family. Misses Lydia Ambrose and Alice Farlow were Maryville visitors Saturday.

Helen Nicholson was in Maryville Saturday on business.

Mr. and Mrs. Bert Torrance entertained the following guests at their home Sunday: Mr. and Mrs. James Whitehurst and niece, Grace Whitehurst; Mr. and Mrs. Paul Killion, Misses May and Emma Jensen, Helen, Beatrice and Hazel Purcell, and George Swinford.

Dwight and Arden Swinford went to Kansas City last week, where they purchased four hundred head of sheep.

What a fine shower we had Sunday, and it certainly was welcome. Well as news is scarce I will ring off and come again some other time.

Rev. Spiekerman Here.

Rev. R. J. Spiekerman of Rock Port joined his family in Maryville Tuesday on a visit to his parents, Mr. and Mrs. O. A. Spiekerman, and Mrs. Spiekerman's mother, Mrs. C. P. Denny.

Mr. and Mrs. A. J. Bridges returned Sunday evening from a visit with friends and relatives in St. Joseph.

Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but the latter is of more importance in the long run is the internal cleanliness.

This is one point that all should watch about their body—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you for a day, but bind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsin.

For the skeptical the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently—that it will train the stomach and bowels muscles to again work naturally at certain hours—then buy it of your druggist at fifty cents and one dollar a bottle, just as so many others are doing. They began with a sample bottle, then bought a fifty-cent bottle, and now, fully convinced of its merits, they buy the one dollar family size. All the members of the family can use it down to the very youngest.

A brief use of this grand laxative tonic will cure constipation in its worst form, indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small cost. Such is the experience of many families like that of Mrs. Oscar Fleener, Unionville, Mo. Daniel, Mary, Tex., and hundreds of others that could be named.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For further request the doctor's address is Dr. B. Caldwell, R. 509 Caldwell building, Monticello, Ill.

PLATTE VALLEY.

The valley seems to get a refreshing shower of rain once every week, making everything look nice. Crops are doing well.

Corn planting is a thing of the past. Most everybody has a fine stand of corn. Some few complain of worms and moles working on their corn, but this is not serious.

Several people complain of losing chickens by what appears to be cholera, and some are having poor luck with raising young chickens.

Claude Richards spent two or three days in Maryville last week.

Reciprocity with Canada might be a good thing. It cannot seriously hurt the United States farmer.

Roy Wilson spent Sunday with his parents, Mr. and Mrs. Huston Wilson, east of Guilford.

Frank McKee, who has been attending the State Normal at Maryville, returned home last week to spend vacation days plowing corn and assisting in general farm work.

Mrs. E. Halfhill and daughters, Mrs. Stella Warnock, spent Saturday to Monday in and near Rosendale, visiting relatives and friends.

Last Friday night at about the hour of 10 o'clock the Platte valley community was awakened by the alarm of fire, which proved to be the barn and corn crib and cattle sheds of Jacob Breit wrapped in flames, which in a short time razed them to the ground.

The total loss of the buildings and contents is estimated at about \$2,000. The barn had about \$400 insurance. The contents, which consisted of 300 bushels of corn, machinery, buggies, harness, tools, wheat, hay, etc., belonged to Frank and Ollie Breit, who were running the farm, and the loss is estimated to be about \$500. A good many neighbors gathered in to help but the flames were under such headway that nothing could be done but carry water and put out the fire in the pile of corn, after it had burned all over the outside. The origin of the fire is a mystery.

The M. W. A. and I. O. O. F. lodges and members of the G. A. R. united in memorial exercises over their departed and decorated the graves last Sunday afternoon at 2 p. m. A large crowd was in attendance.

Joseph Glick Eastlack, who has been working for the past three months for John McKee, is working now for Alma Nelson. This man is a native of Kansas and was named for the only Democratic governor Kansas can boast of.

W. B. Torrance was transacting business in Barnard Monday.

Jacob Breit returned home Monday from Fillmore, where he had been visiting. He was absent when his barn burned last Friday evening.

Mrs. Aaron Clevenger left Tuesday for Wichita, Kan., to visit her brother, Mr. Bartholomew.

Manager Cook has arranged for the appearance here on June 1, 2 and 3 of Lee Moses' big stock company in a repertoire of powerful dramas and comedies. A company of excellent merit has been selected to carefully interpret all the characters assigned them. Many specialties of a superior nature will be given in a manner so as not to interfere with the drama. The cast includes Isabel Pitt Lewis, well and favorably known for her excellent work in the big shows of the east. In support of Miss Lewis, Mr. Disney, Miss Boniwee, Miss Hodges, Mr. Hunter, Mr. Cook, Mr. Gordon and the prince of entertainers, Mock Sad A.H. will lend splendid aid. Mr. A.H. as a special feature is justly named the world's premier magician, and his act in magic is astounding. A change of play will be given each night, starting with the powerful four-act drama "In the Trail of the Serpent."

A Burglar's Awful Deed

TOBACCO TRUST ILLEGAL COMBINE

American Company and Associates in Unlawful Agreement.

COURT ORDERS IT DISSOLVED.

Case Sent Back to Lower Court for Further Consideration—Parties Given Six Months to Reorganize Within Law—Receiver May Be Appointed.

Washington, May 29.—The American Tobacco company and its accessories and subordinate corporations and companies, including the English corporation, were held by the supreme court of the United States to be co-operators in a combination illegal under the Sherman antitrust act. The court sent the case back to the lower court with directions to hear further the parties so as to ascertain whether a new condition cannot be recreated in harmony with the law. Justice Harlan concurred in part with the court's opinion and dissented in part. The court decided:

"First—That the combination, in and of itself, as well as each and all of the elements composing it, whether corporate or individual, whether considered collectively or separately, be decreed to be in restraint of trade and an attempt to monopolize and a monopolization within the first and second sections of the antitrust act.

"Second—That the court below, in order to give effective force to our decree in this regard, be directed to hear the parties, by evidence or otherwise, as it may be deemed proper, for the purpose of ascertaining and determining upon some plan or method for dissolving out of the combination and of recreating out of the elements now composing it, a new condition which shall be honestly in harmony with and not repugnant to the law.

Limit May Be Extended.

"Third—That for the accomplishment of these purposes, taking in view the difficulty of the situation, a period of six months is allowed from the receipt of our mandate, which leave, however, in the event, in the judgment of the court below, the necessities of the situation require to extend such period to a further time not to exceed sixty days.

"Fourth—That in the event, before the expiration of the period thus fixed, a condition of disintegration in harmony with the law is not brought about, either as the consequences of the action of the court in determining an issue on the subject or in accepting a plan agreed upon, it shall be the duty of the court, either by way of an injunction restraining the movement of the products of the combination in the channels of interstate or foreign commerce or by the appointment of a receiver, to give effect to the requirements of the statute."

Pending the bringing about of the result, it is directed by the court, each and all of the defendants, individual as well as corporations, are to be restrained from doing any act which might further extend or enlarge the power of the combination, by any means or device whatsoever.

Hours of Service Law Upheld.

"The hours of service law for railroad employees," passed by congress in 1907, was upheld as constitutional by the supreme court of the United States. This decision was announced by Justice Hughes in the test case instituted by the Baltimore and Ohio Railroad company. The act made it unlawful for any common carrier engaged in interstate commerce to permit any trainmen subject to the act to remain on duty for a longer period than sixteen consecutive hours, or any telegraph operator more than nine or thirteen hours, according to the time the telegraph station was opened for business. The act also created periods of rest for the employees.

The trust is held to have been guilty of intimidation and clearly to have shown a purpose to stifle competition. Chief Justice White announced the decision, which was practically unanimous, although Justice Harlan dissented on several points.

As in the Standard Oil case, Justice Harlan resents the application of the "rule of reason" to the Sherman antitrust law.

The court having held the defendant corporations guilty of conscious wrongdoing, Justice Harlan is "not at all anxious" to perpetuate any new combination growing out of them.

The decision is characterized by Attorney General Wickham as a most comprehensive and sweeping victory for the government.

here, having covered the 401 miles from the aerodrome at Buc in 12:45:00 and 13:35:00 respectively.

Beaumont and Garros both continued their flights from this city to Nice, the end of the first stage, but both met with motor trouble. Garros was forced to land a short distance from Avignon and Beaumont came down at Brignoles.

Frey, the German aviator, and Kimmeling arrived here and Kimmeling later resumed his flight toward Nice.

ELECTRIC CAR KILLS FIVE WHEN HITS AUTO

Family of Jerry Kauffman Wiped Out at Los Angeles.

Los Angeles, Cal., May 30.—Five persons were killed without warning and one other is dying at the hospital in Whittier as the result of an automobile accident.

The dead: Jerry Kauffman, a carpenter, formerly of Lexington, Neb.; Iva Kaufman, his wife; Hazel J. Kaufman, aged fourteen, died in hospital; Mr. and Mrs. Harold G. Hollingsworth, formerly of Denver, killed instantly.

Harry Kaufman, aged eight, is not expected to live out the day. The accident happened at what is known as Downey Road, a place four miles outside of the city. A car of the Pacific electric road, running at full speed along the open space of track, struck the rear center of the automobile and, lifting the auto clear from the ground, hurled it against a platform standing twenty feet away at the side of the track.

The automobile turned completely over, crushing the life out of the five grown occupants and fatally wounding little Harry Kaufman. Hazel Kaufman was still breathing when picked up, but died in the Whittier hospital before the surgeons could care for her hurts. Hollingsworth was a railway telegrapher.

SAVED CHILD FROM DEATH.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." Home Builders Are Recognized

in every community as men of integrity and stability. It's proof that they believe in themselves and the future of their town.

And every home that is erected in a community makes it just that much better place in which to live and invest your money.

To most homebuilders it means something to live for—a real object in life—an acquisition that once attained is a joy forever.

That NOW IS A GOOD TIME TO BUILD goes without question—money is plentiful for legitimate investment—Labor is within reach and our stock of lumber was never more complete.

Remember—"He who hesitates," etc.—better start today—come in and talk it over with us—maybe our experience in the building line will make it easy for you.

CONSPIRACY TO KILL MADERO

Plot to Start Counter Revolution
in Mexico is Discovered.

TWO MEN ARE UNDER ARREST

Attempt Made to Bribe Orozco and
Villjoen to Join Movement, Which In-
cludes Insurrectionary Chiefs in
Coahuila—Prisoners Deny Charge.

El Paso, Tex., May 30.—Revelations
of an alleged plot to start another re-
volution in Mexico, after overthrowing
the leadership of Francisco I. Madero,
Jr., and preventing his journey to Mex-
ico City, created intense excitement
throughout the insurrecto army.
That Madero has been advised of
certain facts not generally known is
believed by some to explain the delay
in his departure for the capital to con-
sult with President de la Barra con-
cerning the pressing problems con-
nected with the reorganization of the
government.

The plot, which resulted in the ar-
rest of Daniel de Villiers of Mexico
City and of W. P. Dunn, an American,
at Monterey, Mex., is said to include three insurrecto chiefs
operating in the state of Coahuila. A
telegram from Monterey states that
Dunn, on Madero's orders, has been
placed incommunicado for seventy-
hours. De Villiers is held in the El
Paso jail on charges of "conspiracy to
murder Francisco I. Madero, Jr."

According to General Benjamin Vil-
joen, the Boer veteran, who is Ma-
dero's chief military adviser, the
scheme was that Villjoen and General
Orozco were to desert Madero and
start a new revolutionary movement,
which would be joined by certain in-
surrecto leaders now in the field. It
was represented to him, General Vil-
joen asserts, that great quantities of
arms and ammunition were stored in
the mines of Coahuila in anticipation
of the new outbreak and that success
was assured as "Madero would never
reach Mexico City."

Villjoen Helps Trap Plotters.

Behind the arrest of the two al-
leged conspirators is the story of sev-
eral weeks' conferences and the ex-
change of many telegrams. Soon after
the battle of Juarez, General Villjoen
received a telegram from Mexico City,
declaring that "the government wants
to make a proposition." The tele-
gram was signed Villiers. Madero
was informed of the telegrams and
concluded to give every encouragement
to those behind the overtures.
Villjoen actually sent a reply, stating he
was open to receive propositions.

This was followed by a telegram
from Villiers, instructing Villjoen to
watch the rebel chief, note by what
road he comes and when he leaves.
Make friends with Orozco. There is
a fortune in sight for us.

Shortly after this two men ap-
peared in El Paso and secretly met
Villjoen and Orozco, who professed
their willingness to enter the plot. Vil-
joen said he was to receive \$25,000 and
Orozco a like amount. Money was
given them for current expenses, Vil-
joen receiving \$480 and Orozco \$200.
Agreement having been reached
with Villjoen and Orozco, Dunn started
for Mexico City, followed by a private
detective, with instructions to arrest
him on Mexican soil. The arrest was
made at Monterey. Telegrams from
there declared that "important papers"
had been found on the prisoner.

LIST OF DEAD IN WRECK GROWS

Fourteen Persons Killed in Bur-
lington Collision.

HEAD-ON CRASH NEAR MCCOOK

Baseball Teams From Omaha and
Denver Were on Train En Route to
Latter City, but None of the Play-
ers Badly Hurt.

McCook, Neb., May 30.—Two Bur-
lington trains met head-on two miles
west of Indianola and fourteen are
dead and twenty-two injured as a re-
sult. Physicians say the death list
will be increased. Passenger trains
Nos. 9 and 12 are headed to meet at
Red Willow. No. 9 was a few minutes
late, and No. 12, eastbound, is a su-
perior train. It is said that orders
should have been issued at McCook
for No. 9 to meet No. 12 at Red Wil-
low and that they were not issued.
No. 12 did not wait, passing Red Wil-
low practically on time.

Two miles west of Indianola, near a
curve and in a fog, the two passenger
trains, running perhaps fifty miles an
hour, met.

Where the blame lies, no one here
will say. It is stated by the railway
men that it is possible a change of
running time, which went into effect
Sunday, was overlooked or forgotten
by someone.

The dead: Engineer John W. Hyder,
Lincoln; Fireman Dameron, Lincoln;
Engineer W. T. Leahy, Lincoln; Fire-
man A. J. Olson, Lincoln; Express
Messenger George Freer, Omaha; Ex-
press Messenger Fraser, Lincoln;
Robert Shepherd, Holdrege; Clarence
A. Hillsbeck, Holdrege; T. H. Bowers,
a Burlington fireman on train as a
passenger; J. D. Wilson, Tobias, Neb.;
Mrs. H. H. Calhoun, Brimfield, Ill.;
Tom J. Gately, St. Louisburg.

Baseball Clubs on Train.

The Denver and Omaha Western
league baseball clubs were traveling
in Pullmans attached to the west-
bound train. The car in which the
Denver players were riding was thrown
completely over. The occupants, all
of whom were still in their berths,
were tossed into the aisle, and for a
time it was thought that many had
been seriously hurt. This proved a
mistake, however, for beyond slight
bruises suffered by nearly all, and a
broken toe which President McGill
sustained, the Denver players were
only temporarily discomfited.

The car occupied by the Omaha men
remained upright and none of the oc-
cupants was injured.

The three forward cars of each
train were smashed. The chair car of
No. 12 was telescoped and demolished.
It was in these cars that those killed
were riding. Both engines were re-
duced to scrap iron and the crews
doubtless killed instantly. Many of
the injured pinned in the wreckage
were scalded by escaping steam.

GERMANY IS WILLING

Wants to Enter into Negotiations for
Arbitration Treaty.

Washington, May 30.—Germany ex-
pressed her willingness to enter into
negotiations with the United States
for a general arbitration treaty along
the lines laid down by Secretary of
State Knox in the tentative draft of
his government's proposal now in the
hands of Great Britain and France.

Count von Bernstorff, the German
ambassador at Washington, conveyed
this information to Secretary Knox
and asked for a copy of the basic
proposition of the United States.

Rural Life Commission Meets.

Lincoln, May 30.—The rural life
commission, appointed by Governor
Aldrich after the passage of a resolu-
tion by the last legislature, met in
Lincoln and outlined its work for the
next year. The members of the com-
mission are L. C. Lawson of Clarke,
chairman; Dean Charles E. Bessey, G.
T. Coudre, J. W. Crabtree, W. S. De-
lano and F. G. Odell, all of Lincoln;
R. W. McGinnis of Fremont, J. D.
Ream of Broken Bow, J. A. Ollis, Jr.,
of Ord and J. S. Canada of Minden.

New York, May 30.—Theodore
Roosevelt delivered the chief Mem-
orial day oration in New York today.
He spoke at the Grant tomb, under
the auspices of the U. S. Grant post of the
Grand Army of the Republic.

Postal Deficit Wiped Out.

Washington, May 30.—For the first
time in the history of the service the
deficit in the postoffice department has
been wiped out and \$1,000,000 surplus
for the current fiscal year, ending
June 30 next, is in the treasury.

Mrs. D. G. Davidson went to Hop-

A DEAD STOMACH.

Of What Use Is It to Anyone?
Thousands! yes hundred of thou-
sands of people throughout America
are murdering their own stomach,
the best friend they have, and in their
sublime ignorance they think they are
putting aside the laws of nature.

This is no sensational statement; it
is a startling fact, the truth of which
any honorable physician will not deny.
These thousands of people are swal-
lowing daily huge quantities of pepsin
and other strong digesters, made es-
pecially to digest the food in the stom-
ach without any aid at all from the
digestive membrane of the stomach.

In other words, they are taking from
the stomach the work that nature in-
tended it should do, and are also re-
fusing it the only chance for exercise
it has. Mi-o-na stomach tablets, they
relieve distressed stomach in five min-
utes. Taken regularly for a few weeks
they build up the stomach and make it
strong enough to digest its own
food. Then indigestion, belching, sour
stomach, headache and stomach mis-
ery go.

Mi-o-na stomach tablets are sold by
the Orear-Henry Drug Co. and leading
druggists everywhere at 50 cents a
large box, and are guaranteed to cure
all stomach distress or money back.
